FIRST TIME PLUNGER - DAY OF EVENT BREAKDOWN

The Polar Plunge is one the coolest things you will ever do! Please arrive 15-20 minutes early so you are able to check in, turn in any additional donations or if you are needing to change before your Plunge time. Once ready, you will take a pre-plunge photo before heading to the runway to take the Plunge! Once you get out of the water you will receive your towel, and you will be able to head to the hot tubs if you would like before going to the changing rooms.

You will have a dedicated Plunge time, this year we are allowing your family and friends to return and be spectators as you take the plunge! We will also be live-streaming the event for those who are not able to make it to Goose Lake or that live out of state. These links will be shared on / and playing on all of our social accounts the day of the event.
